NATIONAL VIRTUAL CONFERENCE
**Recent Innovations
 in Statistical Methods
 and its Applications
 in Business and Industry
 (RISABI)**

in conjunction with
**43rd Annual Conference of
 The Kerala Statistical Association (KSA)**

18-19 March 2022

RISABI

The Primary objective of **RISABI** is to create a collaborative platform for sharing advanced developments in Statistical theory and applications for academicians, researchers, industrial experts and students. **RISABI** is a flagship event of **Research Department of Statistics, Maharaja's College, Ernakulam**. Since Statistics is a booming subject in this century, with various contributions to both theoretical and applicational aspects and facilitate future collaborations across disciplines, this national conference will serve as an ideal platform to promote ideas and contributions towards advancement in the field. The conference comprises invited talk sessions, contributory paper presentation sessions & endowment lecture sessions.

Maharaja's College, Ernakulam

The Maharaja's College is the first and the only government autonomous college in Kerala, located in Kochi. The college was established in 1875. The campus features a mix of old and modern architecture, providing infrastructural facilities for the 22 departments of the college. The UGC has approved the College with Potential for Excellence. The NAAC successively re-accredited the college with an A grade. In NIRF ranking our college ranked 92 with an A grade in college category.

Research Department of Statistics

The Department of Statistics at Maharaja's College was established in 1957 and started offering a PG programme in 1995. Thanks to the concentered and consistent efforts put in by teachers, students and well-wishers, the department has scaled heights exemplary and systematically. In recognition of the overall excellence it had achieved, the department was elevated to the status of a research centre in 2019. The department is functioning in a separate block with a well-equipped computer lab and library. The department of statistics is committed to advancing knowledge and learning through teaching and research in the core and allied areas. It offers a full-time MSc programme and research leading to the degree of PhD. In addition, it also offers complimentary and core courses to other graduate and postgraduate programmes.

The Kerala Statistical Association

The Kerala Statistical Association (KSA) was founded in 1978 to bring together and provide a forum for those who have an interest in Probability and Statistics. **The Annual General Body Meeting of KSA will be held at 2.00 pm on 19-03-2022.**
